Bottom Line

Custom Solutions for Your
Unique Needs

Reduce Your MOD

Workers' Compensation

Reduce the number and severity of workers' compensation claims through safety programs in the workplace.

- Assistance and training in the development and organizational structure of a safety committee
- Creation and implementation of a new employee safety orientation program
- Employee flyers and presentations
- Safety meeting topics
- Written safety manuals and policies
- Facilitation of goal setting
- Ergonomics programs
- Establishment of an injury review process

Return to Work Programs

Get injured employees back on the job sooner with our resources for creating effective return to work programs:

- Identification of light duty jobs
- Development of an ADA-compliant written policy and job descriptions

Supervisory Training

Make sure everyone is on board with the loss control initiatives by using our supervisory training materials, which emphasize:

- The financial impact of employee injuries
- How to prevent worker back injury
- The basics of cumulative trauma injuries
- How to improve ergonomics of workstations

Cut COSTS

Loss Control Action Plans

We can help you cut costs with an effective loss control action plan starting today. Collaborating with you, we offer the following services and much more:

- Evaluation of current programs, policies and procedures
- Statistical analysis of workers' compensation losses, OSHA 300 logs and loss runs
- Identification of problem areas
- Review of experience modifiers for accuracy
- Development, execution and continued supervision of a loss control action plan
- Development of new written safety policies and programs

Stay In COMPLIANCE

OSHA Compliance

Be confident about your OSHA compliance as we assist you in the following ways:

- Up-to-date materials about the latest OSHA rules and regulations
- Facility inspection, including evaluation of machine guarding and assessment of physical hazards
- OSHA 300 Log recordkeeping, including electronic logs and explanation of requirements
- Coordination of industrial hygiene air and noise standards
- Regulatory updates about changing standards
- Quarterly OSHA newsletters

Manage DRIVERS

Commercial Vehicles

- Review of driver files
- Examination of maintenance records
- Evaluation of CDL drug and alcohol program

Is Your Firm PROTECTED?

Liability Coverage

Know your exposures and transfer your risk with our expertise in commercial liability coverage, including:

- Public liability
- Product liability
